

MPG PADDED HOOD

MPG PADDED HOOD

The MPG Padded Hood is a lightweight layer of protection designed to be worn with all MPG helmets.

The hood's layer of padding gives it the right amount of balanced protection while light and comfortable to wear in any climate.

Note: It is recommended that the MPG Padded Hood be worn with all other MPG helmets when engaging in scenario-based training.

FEATURES

- Lightweight, breathable, durable head protection.
- Protects areas not covered by helmet.
- Stain-resistant for easy marking-round clean-up.

Part Number - #FFPH2 – MPG Padded Hood
