

MARKING KNIFE KIT

The MPG Marking Knife is the ultimate edged weapon training tool, designed to leave a high-viz cut mark wherever the edge strikes.

It is a safe plastic molded knife with felt edge blade that leaves its distinct ink mark.

The felt on the edge of the blade is easily coated with the same marking agent used in projectiles for superior performance.

The edged weapon training kit comes with a marking knife, a bottle of marking agent, nylon carry sheath, and extra felt edges.

FEATURES

- Safe, molded plastic knife with felt edge leaves a distinct mark.
- Uses the same marking agent as marking projectiles.
- Includes marking knife, marking paint, nylon sheath, felt edges.

Part Number - #FFMK1 – MPG Marking Knife Kit
