

MPG PRO HELMET

MPG PRO HELMET

The MPG Pro Helmet provides complete protection in a minimalistic, light-weight form, allowing for hours of continuous training.

Designed to be form-fitting and comfortable, operators can comfortably and safely wear their operational helmets in conjunction with this Pro Helmet.

Featuring a ventilated breathable design and an anti-fog lens, this helmet is built for intense training.

FEATURES

- Full face protection.
- Soft-check protection to allow for best rifle sight picture.
- Face mask can be worn with mostly all Kevlar and impact-operational helmets.
- Ultra-lightweight design for mobility.
- Hypo-allergenic closed-cell foam for comfort goggle gasket.
- Clear, scratch-resistant lens with anti-fog treatment.
- Replaceable lenses meet both ASTM and ANSI impact test standards.
- Free-flow for improved hearing and a vented mouth for increased breathability.

Part Number - #MPGHDPRO - MPG PRO Helmet
